

Appeal to DFI India well wishers

To contribute for the big cause

DFI of India (DFII) is a non-profit organization and is a chapter of Deep Foundations Institute (DFI), a US-based international non-profit organization established with the goal of advancing the deep foundation construction industry.

Thanks to active supporters of DFII programs, it is able to achieve reasonable progress in its current initiatives being driven by the following DFII committees. We are hopeful that all stakeholders of the Indian geotechnical and foundation industry can gain phenomenal value in the following areas over the long term.

It is required that current programs are sustained with consistent efforts and more programs to be taken up to achieve DFII's ambitious goals. We endeavor to *Enhancing the standards of the Indian Geotechnical & Foundation Industry to match Best Practices World-Wide*.

DFII is looking into multiple options to raise its financial resources to strengthen its operations and meet the cost of its programs. It also seeks donations from well-wishers of the industry who see the benefit of these goals and are willing to support the DFII cause and be recognized as a supporter in one of the following categories.

Category	Donation Amount (INR)	Remarks
Legacy	1,00,00,000 and above	All the contributors will be recognised and their names will be published on DFI India website & DFI India Quarterly Newsletter.
